PROFILE

My name is Kacper Sapis. I have gained valuable experience working in an agency that executes projects from around the world. This experience has allowed me to contribute to a diverse range of endeavors. As a dynamic individual, I continually enhance my skills through various courses and personal development initiatives. Embracing novelty and welcoming challenges, I view each day as an opportunity to expand my competencies and horizons.

I am interested in innovative solutions, automation of processes taking place in the company, data analysis and modern forms of business.

WORK EXPERIENCE

Web developer

2022 -

IMADO | imado.co/pl/

As a Web Developer at an agency specializing in website development, I played a key role in diverse projects, including:

- Designing and implementing responsive websites with a focus on the "mobile-first" approach.
- Collaborating with clients worldwide, tailoring solutions to meet their individual needs.
- Leveraging cutting-edge web technologies to ensure project efficiency and modernity.
- Integrating CMS solutions, including WordPress, to deliver dynamic content to clients.
- Optimizing websites for performance, loading speed, and user experience.
- Collaborating with designers, developers, and other specialists to achieve project goals.

This experience has allowed me to enhance my skills in designing responsive interfaces, effectively engaging with clients, and maintaining high-quality standards within the web development industry.

Web developer

2020 -

Znajdebusa | znajdebusa.pl

As a webdeveloper, I have created and co-own a website and a webservice.

I have personally contributed to coming up with the idea and to the writing of the code. I am responsible for promoting the website and acquiring new clients through social media and e-mail marketing. I have designed the graphics for the website and the leaflets.
